

INSTALLATION INSTRUCTIONS

Part Number HA-2584

This filter fits: SEE CATALOG FOR CURRENT APPLICATIONS

Congratulations, you have purchased the finest air filter that money can buy. With proper care, this filter can last many seasons. This filter can be used in a stock machine, with no modifications required. If any engine modifications have been made tuning/jetting adjustments may be required. There are special installation instructions, so please follow the procedures outlined below to ensure the K&N Filtercharger® seals properly.

INSTALLATION

1. Remove the stock air filter and air filter holder.
Note: The stock air filter holder will not be used with the K&N Filter.
2. Clean the base plate in the air box.
Note: The area must be clean and dry so the gasket will adhere to it.
3. Apply the provided gasket to the base plate in the air box.
4. Install the K&N Filter.
5. Install the provided washers on the provided bolt.
Note: The rubber washer will be against the K&N Filter top plate.
6. Completely seat the K&N Filter and tighten the bolt. Do not overtighten.
7. Reinstall the side cover.

Available to purchase separately

Precharger Wrap for HA-2584; HA-1315PR

THESE INSTRUCTIONS MUST BE FOLLOWED EVERY TIME THE FILTER IS SERVICED, OTHERWISE THE FILTER MAY NOT SEAL, AND DAMAGE TO THE ENGINE COULD RESULT.
