

# INSTALLATION INSTRUCTIONS

Part Number KY-2504

**This filter fits:** SEE CATALOG FOR CURRENT APPLICATIONS

Congratulations, you have purchased the finest air filter that money can buy. With proper care, this filter can last many seasons. This filter can be used in a stock machine, with no modifications required. If any engine modifications have been made tuning/jetting adjustments may be required. There are special installation instructions, so please follow the procedures outlined below to ensure the K&N Filtercharger® seals properly.

## INSTALLATION

1. Remove the the stock air filter assembly.
2. Carefully clean the inside of the intake tube in the air box.
3. Loosen the stock clamp on the intake tube.
4. Install the K&N Filtercharger® inside the intake tube. (Fig. 1)  
**Note:** Some pressure may need to be applied to get the flange to completely seat. (Fig. 2)
5. Tighten the stock clamp.
6. Reinstall the air box lid.

**THESE INSTRUCTIONS MUST BE FOLLOWED EVERY TIME THE FILTER IS SERVICED, OTHERWISE THE FILTER MAY NOT SEAL, AND DAMAGE TO THE ENGINE COULD RESULT.**
